MaryJane Butters' go-to guide for putting glamour into camping. "Glamping, or glamour camping, one of the MaryJane's pet concepts, is about the juxtaposition of rugged and really pretty, grit and glam, diesel and absolutely darling." -The New York Times. Glamping-unleashing your inner wild while wearing a pair of fishing-lure earrings-is for every woman (or man!) who ever had a get-away-from-it-all fantasy (with a few frilly embellishments thrown in). Learn about the never-fail campfire, cooking with cast iron, how to change a flat, and much, much more. Follow the growing Glamping movement at [maryjanesfarm.org](http://maryjanesfarm.org) and [nationalglampingweekend.com](http://nationalglampingweekend.com). Like the infamous Calamity Jane, who said, "I figure if a girl wants to be a legend, she should go ahead and be one," MaryJane Butters coined the term glamping years ago when she founded her unusual Idaho canvas wall-tent bed & breakfast, which was featured in The New York Times Magazine and Travel & Leisure as "the place to be." Legend status achieved, MaryJane lives in Moscow, Idaho, where she runs her many businesses, which include a successful organic farm, product lines, a bed & breakfast, and MaryJanesFarm magazine. This is her fourth book.

A history of the complex relationship between a school and a people

A brilliant satire of mass culture and the numbing effects of technology, *White Noise* tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babbette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

*Visions of Culture: A Reader, Second Edition*, is an anthology of articles about anthropological theorists.

Dioramen bewegen sich im Grenzbereich verschiedener Disziplinen. Sie wurden im 19. Jahrhundert im Zuge von Reformen eingeführt, die die pädagogische Dimension der Museen weiterentwickelten. Dioramen mit menschlichen Figuren sind heute scharfer Kritik ausgesetzt. Dieses Buch untersucht die anthropologischen Dioramen zweier nordamerikanischer Museen des frühen 20. Jahrhunderts: des American Museum of Natural History, New York, und des New York State Museum, Albany. Noémie Etienne analysiert die Arbeit der Künstler und Wissenschaftler, die die Dioramen anfertigten, und zeigt, dass Dioramen als Mittel der Wissenserzeugung und -vermittlung eine Geschichte erzählen, die immer
