The Ford Expedition is a full-size SUV manufactured by Ford. Introduced for the 1997 model year as the successor of the Ford Bronco, the Expedition was the first full-size Ford SUV sold with a four-door body. For its entire production life, the Ford Expedition has been derived from the corresponding generation of the Ford F-150 in production, sharing some body and mechanical components.

approach in Burton/Shelton's BUSINESS MATH USING EXCEL, 2nd Edition. This book equips readers to master the math concepts most useful in contemporary business by first teaching students the traditional methods of calculating. The authors then emphasize a second approach that teaches the same math concepts using the functions of Microsoft Excel. This edition of BUSINESS MATH USING EXCEL prepares students to use the latest version of Excel 2010. Your future business professionals learn to create formulas and master the functions of Excel while developing high level math skills and refining other skills that will prepare them to succeed in the workplace. This edition's new, full-color design presents concepts in

presents interviews with working-class organizers of the 1970s, 1980s, and 1990s who face the challenges of a new economy with the same determination and creativity shown by those profiled in the earlier book. Reflecting the increasing globalization of labor practices--and problems--The New Rank and File contains oral histories of workers in Guatemala, Palestine, Nicaragua, Mexico, and Canada, as well as the United States. In their narratives, rank-and-file workers from many different industries and workplaces reveal the specific incidents and pervasive injustices that triggered their activism. They discuss the frustrations they faced in attempting to effect change through traditional means, and the ways in

which they have learned to advocate through innovation. In an incisive introduction, the Lynds set forth their distinctive perspective on the labor movement, with a focus on "solidarity unionism": making decisions on the assumption that we all may be leaders at one time or another rather than relying on static hierarchies. Their insights, along with true stories told in the organizers' own words, contain much to inspire a new generation of workers and activists.

Now a Netflix original documentary series, also written by Mark Harris: the extraordinary wartime experience of five of Hollywood's most important directors, all of whom put their stamp on World War II and were changed by it forever Here is the remarkable, untold story of how five major Hollywood directors—John Ford, George Stevens, John Huston,

William Wyler, and Frank Capra—changed World War II, and how, in turn, the war changed them. In a move unheard of at the time, the U.S. government farmed out its war propaganda effort to Hollywood, allowing these directors the freedom to film in combat zones as never before. They were on the scene at almost every major moment of America's war, shaping the public's collective consciousness of what we've now come to call the good fight. The product of five years of scrupulous archival research, *Five Came Back* provides a revelatory new understanding of Hollywood's role in the war through the life and work of these five men who chose to go, and who came back. "*Five Came Back . . .* is one of the great works
