"[The Russian and American contributors] share a very high level of expertise and an impressive command of their material, which ranges from film to billboards to currency. Everything in this book, including the introduction, is worth reading... consistently fascinating... " -- Choice "... a lightning rush of images and ideas that constitute inviting material for future speculation." -- Times Literary Supplement "This collection of essays is a fine, even an exhilarating piece of work. Her brilliant analysis surveys a kaleidoscope of breaks and continuities: between literature and non-print media, high culture and popular culture, homo sovieticus and homo russicus. -- Slavic and East European Journal "Of interest for scholars in several disciplines, Soviet Hieroglyphics provides many insights into recent Russian visual culture." -- Canadian Slavonic Paper These incisive essays describe contemporary Russian culture under conditions of social collapse. Focusing on visual culture, the book highlights the recurrent tension between two opposing tendencies in Russia today: the impulse to eradicate the cultural "hieroglyphics" of the Soviet past and the compulsion to reinscribe those sacred images onto contemporary texts.

This interdisciplinary collection of essays on the social and cultural life of late imperial Russia describes the struggle of new elites to take up a "middle position" in society--between tsar and people. During this period autonomous social and cultural institutions, pluralistic political life, and a dynamic economy all seemed to be emerging: Russia was experiencing a sense of social possibility akin to that which Gorbachev wishes to reanimate in the Soviet Union. But then, as now, diversity had as its price the potential for political disorder and social dissolution. Analyzing the attempt of educated Russians to forge new identities, this book reveals the social, cultural, and regional fragmentation of the times. The contributors are Harley Balzer, John E. Bowlt, Joseph Bradley, William C. Brumfield, Edith W. Clowes, James M. Curtis, Ben Eklof, Gregory L. Freeze, Abbott Gleason, Samuel D. Kassow, Mary Louise Loe, Louise McReynolds, Sidney Monas, John O. Norman, Daniel T. Orlovsky, Thomas C. Owen, Alfred Rieber, Bernice G. Rosenthal, Christine Ruane, Charles E. Timberlake, William Wagner, and James L. West. Samuel D. Kassow has written a conclusion to the volume.

Stories to Awaken the World, the first complete translation of Xingshi hengyan, completes the publication in English of the famous three-volume set of Feng Menglong's popular Chinese-vernacular stories. These tales, which come from a variety of sources (some dating back centuries before their compilation in the seventeenth century), were assembled and circulated by Feng, who not only saved them from oblivion but raised the status of vernacular literature and provided material for authors of the great Ming (1368-1644) and Qing (1644-1911) novels to draw upon. This trilogy has been compared to Boccaccio's Decameron and the stories of A Thousand and One Nights. Peopled with scholars, emperors, ministers, generals, and a gallery of ordinary men and women - merchants and artisans, prostitutes and courtesans, matchmakers and fortune-tellers, monks and nuns, thieves and imposters - the stories provide a vivid panorama of the bustling world of late imperial China. The longest volume in the Sanyan trilogy, Stories to Awaken the World is presented in full here, including sexually explicit elements often omitted from Chinese editions. Shuhui Yang and Yunqin Yang have provided a rare treat for English readers: an unparalleled view of the art of traditional Chinese short fiction. As with the first two collections in the trilogy, Stories Old and New and Stories to Caution the World, their excellent renditions of the forty stories in this collection are eminently readable, accurate, and lively. They have included all of the poetry that is scattered throughout the stories, as well as Feng Menglong's interlinear and marginal comments, which convey the values shared among the Chinese cultural elite, point out what original readers of the collection were being asked to appreciate in the writer's art, and reveal Feng's moral engagement with the social problems of his day. The Yangs's translations rank among the very finest English versions of Chinese fiction from any period. For other titles in the collection go to <http://www.washington.edu/uwpress/books/ming.html>

Montese Crandall is a downtrodden writer whose rare collection of baseball cards won't sustain him, financially or emotionally, through the grave illness of his wife. Luckily, he swindles himself a job churning out a novelization of the 2025 remake of a 1963 horror classic, The Crawling Hand. Crandall tells therein of the United States, in a bid to regain global eminence, launching at last its doomed manned mission to the desolation of Mars. Three space pods with nine Americans on board travel three months, expecting to spend three years as the planet's first colonists. When a secret mission to retrieve a flesh-eating bacterium for use in bio-warfare is uncovered, mayhem ensues. Only a lonely human arm (missing its middle finger) returns to earth, crash-landing in the vast Sonoran Desert of Arizona. The arm may hold the secret to reanimation or it may simply be an infectious killing machine. In the ensuing days, it crawls through the heartbroken wasteland of a civilization at its breaking point, economically and culturally -- a dystopia of lowlife, emigration from America, and laughable lifestyle alternatives. The Four Fingers of Death is a stunningly inventive, sometimes hilarious, monumental novel. It will delight admirers of comic masterpieces like Slaughterhouse-Five, The Crying of Lot 49, and Catch-22.
