Admitting that localised externally funded basic income experiments do not demonstrate basic income affordability, and dismissing a range of alternative mechanisms to fund BI, the authors scale back to proposing a "partial basic income" funded by income tax which they define only vaguely and do not cost (pp 165-169), but then immediately claim that a basic income of 25% of GDP per capita is affordable (p170)!

Basic Income: A Radical Proposal for a Free Society and a ...
Basic Income is a strong yet dense introduction to a revolutionary socio-economic concept of the same name. The authors discuss the history of basic income from the sixteenth century onward, its variations, how and where it would work, and its pitfalls.

Basic Income: A Radical Proposal for a Free Society and a ...
Basic Income: A Radical Proposal for a Free Society and a Sane Economy does not offer the same level of philosophical depth as van Parijs's earlier volume, but what it lacks in depth it more than makes up for in breadth. Basic Income offers by far the most comprehensive and up-to-date discussion of UBI available today. It carefully describes the nature of a UBI and contrasts it with other closely related forms of social welfare policy, such as the negative income tax.

The road to a basic income for all may well be paved with unholy political alliances, but eventually it will lead to a fairer, more sustainable society. Although the aim is utopian, the means proposed in this book are pragmatic, and even, by the authors' own admission, Machiavellian. The case for basic income has become serious politics.

Basic Income – Philippe Van Parijs, Yannick Vanderborght ...

Universal basic income (UBI) is a simple proposal to give every single member of a community a monthly cash grant, without asking them to opt in, and with no strings attached. The authors propose setting UBI at one quarter of GDP per capita—so in the US, each person would receive \$1,163 per month, whether they're rich or poor, working or unemployed.
