To understand the concept of the control test, you need to know a little about employment law, which, in the U.S., is closely connected to contracts. The control test is a way of testing an employment contract to determine who is or is not an employee of a company. The rights, responsibilities and benefits given to a ...

Actually, control questions vary

depending on the type of test administered. The most common type of polygraph test is the Control Question Test (CQT) in which control questions are composed so the subject can answer them honestly, (as the first poster stated) however, the examiner will often make the questions a bit more provocative to evoke an emotional response (as the poster above me has ...

what is a control question ? | Yahoo Answers

The common law control test is the basic test, using the common law rules, for determining whether a relationship exists between the worker and the person or firm that they work for. Under the common-law test, the employer has the right to

Control Test for Employer ...

Control testing has typically been run out of a bank's internal audit group, the Sarbanes-Oxley compliance team, a centralized control testing unit, or all of the above. Rarely has it been coordinated with real-time business risk assessments. In the case of the Audit Department, the Chief Audit Executive develops an annual schedule for control testing, leveraging past reports to determine ...
