What is the Jurassic Coast?
The Jurassic Coast begins in
Exmouth, East Devon, and
continues for 95 miles to
Old Harry Rocks, near
Swanage, Dorset. It is
England's only natural World
Heritage Site, and was
inscribed by UNESCO in 2001

for the outstanding universal value of its rocks, fossils and landforms.

~~Jurassic Coast World Heritage Site~~

Summary The Dinosaur Coast. You only need to let your imagination fly and cast your gaze to where gigantic beings trod millions of years ago. This simple action carries the traveller back through time and space to a coastal land that was then populated by dinosaurs. Villaviciosa and Colunga are two coastal boroughs in eastern Asturian known for their beaches, cider and heritage, but also for the
