Dragons, a prophecy, a curse and a reverse harem of the most important dragons. It's crazy tempting and honestly not that bad if you really like all these elements even if it's done a little bland. The beginning is good, I love the thief idea and to use it as a way to Dragon's Fire is smushed together version of the whole blood prophecy series, five tiny books make for a one long ass read duh.

But three mysterious hotties start following me around, saying they're bound to me. Why not make the most of it and add one more thing to my bucket list: 4) crazy hot sextimes, no holds barred Who cares if my three hotties seem a little more than human? Stolen from her homeland. Separated from her mates. Is there any hope for Dareena and her dragons? Or is their kingdom destined to fall? When Drystan and his brothers managed to drive their madness-stricken father from the throne, Dareena thought the worst of their troubles were over. But the elves are knocking at their door, demanding reparations, and with a new general at the helm, they will not let Dragonfell off the hook so easily. To buy their kingdom time, and save their armies from certain destruction, Dareena and Alistair allows themselves to be taken to Elvenhame, where they will be held hostage until the countries can come to an agreement. But while the two kingdoms squabble, the real enemy continues its insidious assault. Both Dragonfell and Elvenhame unknowingly teeter on the brink of destruction, and unless Dareena and her mates can uncover the true conspiracy, their world will fall to darkness...

The grueling journey across the mountains is always dangerous, but when magic and madness descends, she discovers herself exiled with the leaders of the three other races. Three dragons. One woman. A reverse harem fantasy that will leave you breathless and begging for more... Dareena Sellis is a nobody. The orphaned daughter of a no-name farmer, she toils away as a serving girl at Hallowdale Inn, her only marriage prospects either shipping off to war, or pawing at her skirts with their grubby, gnarled hands. But fate takes a strange turn the day a dragon huntress comes to town. Suddenly, Dareena is swept off to Dragon's Keep, trading in her raggedy dresses for silken gowns, her closet-sized room for feather pillows and spacious gardens, and her miserable suitor for three very handsome, veryvirile dragon princes. For Dareena is not a nobody. She is the Dragon's Gift--the one woman chosen by the gods every century to bear children for the future king of Dragonfell. Despite her pre-ordained path, Dareena's fate is far from certain. The crown has not given birth to more than one son in nearly a thousand years,

and the line of succession is far from clear. Neither of the princes are willing to cede Dareena to the other, and yet she must choose. For the enemy is knocking on Dragonfell's door, and Dareena's decision could either mean the kingdom's salvation... ..or annihilation.

Wild. Dangerous. Deadly.The realms are all those things and more. But Kadelynn's more afraid of the monster in her house than the dangers of the realms. She knows of only one way to free herself from a horrifying marriage, but it'll require all her skills to succeed.And maybe even the help of a Seer.Draven can wield magic, kill with a thought, and hates her kind... she's also just hired him to be her guide to find and slay a creature of fantasy.If that wasn't enough, she dreams of three men and a destiny of dragons. A rebirth of the creatures who were wiped from the sky long ago. What part she'll play in the fate of the dragons, she doesn't know, but fate seems to be pulling her ever closer to something that will change her world forever.DRAGON SHADOW is a slow burn, high fantasy reverse harem. This is the first book in a series. If you like swords, magic, and unique worlds, then grab your copy! But be prepared to lose yourself in this series...

I am a dragon who hates dragons. The dragons murdered my family. The dragons stole me. The fae purchased me. My mates saved me. My mates imprisoned me. They think they're keeping me safe. They think they know what I need. What all delicate, feminine, gold dragons need. A comfortable den. A well-stocked pantry. Twenty children. That's not what this gold dragon needs. This gold dragon needs blood. This gold dragon needs revenge. The (Not) Cursed Dragon is book one of the Deadly Dragons Duet. It is a slow burn, reverse harem romance for readers 18+ TW: Flashbacks of abuse

Blithe Li is a wellspring—a vessel containing magic that can only be used by a magi. The only problem is, women aren't supposed to be wellsprings. In a world where powerful female magic workers rule, and vulnerable male wellsprings must follow the rigid social norms meant to keep their magic pure from corruption, Blythe doesn't fit in anywhere. She can't actually use magic, the way a woman should. Wellsprings can't own property and have very little in the way of basic rights. And Blythe has no hope of making a fortuitous match and becoming a magi's favored lover and pet, the way a male wellspring would. Instead, she's an embarrassment and burden to her parents, who already have a house full of normal boy wellsprings to marry off. Blythe's world is turned upside down when a commission for a clockwork dragon ends with a proposal she never could have imagined—and leaves her bonded to the future queen of the Imperial American States. But this is no Cinderella story. Blythe's future wife, Raina, is engaged in a quiet, deadly battle of politics and power with the current regent as she approaches her coming of age and her ascension to the throne. Blythe soon finds herself fighting alongside Raina for every freedom she's ever dared dream of, as they try to completely remake a kingdom. But will Raina's efforts to gather the support of a misfit court with the magic of only a pair of newly bonded wellsprings be enough to save them all from accusations of treason, murder, and all-out war? Clockwork Dragon is an "outside the box" romance of monarchy and mayhem. It is set against a rich steampunk regency backdrop in an alternate world where magic has influenced the development of technologies and nations, and where Regency and Victorian era gender norms are reversed. It features a clockwork dragon guard dog, an irreverent and intimidating future queen, a metal-worker-turned-consort, and a poly relationship with a vessel of fire and air. Oh, and airships—plenty of airships. This story includes diverse characters and LGBTQIA elements, including lesbian, bisexual, and poly romance, as well as reversed and fluid gender norms. Author's Note: This isn't your usual reverse harem. It isn't your usual steampunk book. And these aren't your usual victorian/regency gender norms... *99,000 words without any extra "fluff" at the end. *This book is not a serious historical book. It is a fantasy and liberties have been taken! *The initial/main romance in this book is F/F, however it later develops into a poly relationship with M/F, F/F, M/M, and M/F/F scenes. *There may be mentions of trauma, though this isn't explicit on the page stuff. *There is some mild-moderate violence. *No, I can't send you your own Sparrow. Sorry. *This book is intended to be a stand-alone story. Whether there are any more books in this world will depend entirely upon demand and the graces of the writer muse.

Just when Sophia thinks she's got a handle on things going on in the dragon town, her whole world is rocked, quite literally. While Sophia, Gale and Topaz "get to know" each other more intimately, things are the school they're camping out at have taken a turn for the worse. A group of dragon rebels were supposed to arrive today, but they never did, making everyone worry that they might have been caught by the deserter fae soldiers roaming the area. As Sophia makes it back to the school, she finds out that the parents of Gaia, the little earth dragon orphan, went missing last full moon and it's another full moon tonight! Then more bad news reaches her, another two sets of parents have gone missing! Sophia and her men try everything in their power to find out why earth dragons are going missing, what's happening to them. Why can Gaia still sense her parents when they're not there? And what does a magically locked room at the local library have anything to do with it? This is the fourth novella in the Guarding Their Dragon Mate serial, a six episodes long reverse harem #WhyChoose story. This novella may include any of these elements: steamy scenes, "I need tissues NOW" moments, cries of "why, oh, why" and cliffhangers that make you bite your nails (and curse the author). This story takes place in the same world as the Lughnasadh Elite Academy and happens after the events from the other series. Both series can be read stand-alone, they are about different characters, but they are connected.

Maya Rose has a problem. Should they fail to win her love, death is the only answer.But with so many dashing men willing to do anything to win her hand, how is a girl to choose?Then again, no one ever said she had to pick just one.After all, the fate of the realm is at stake, and maybe this time, more is merrier.
