The main difference between the weighted average, LIFO, and FIFO accounting is how each calculates inventory and cost of goods sold. Each system is appropriate for different situations.

~~Understanding Weighted Average vs. FIFO vs. LIFO~~

Last in first out is the opposite of FIFO in that the last items acquired by the business are the first ones sold. Most businesses could never implement LIFO because they would lose out on money due to spoiled goods and would experience lower profitability. The companies that decide to use LIFO over FIFO most often do it for the tax advantages.
