[Book] Pervasive And

Le Sensing And

"Pervasive sensing is

simply the use of

sensors to capture

data on anything in a

plant that could

affect its operation. It

File Type PDF

Pervasive And

is driven to a large extent by the increasing availability of inexpensive sensors -- many of them wireless.

Pervasive sensing comes down to use of multiple sensors everywhere, often (but not always) wireless."

Instrumentation

~~Pervasive sensing:~~
