Home - BPS S&C Portal

The Bureau of Philippine Standards of the Department of Trade and Industry (DTI-BPS) serves as the National Standards Body (NSB) of the Philippines and is mandated to develop, promulgate, and implement standards for all products in the Philippines, to promote standardization activities in the country and ensure the manufacture, production, and distribution of quality products for the protection of the consumer.

Bureau of Philippine Standards (DTI-BPS) - BPS S&C Portal

The BPS develops and publishes Philippine National Standards (PNS). Standardization The results of these concerted efforts are the technical specifications known as standards.

Standards - BPS S&C Portal

The Philippines took a formal approach to standardization in 1947, when the Division of Standards was created under the Bureau of Commerce, Department of Commerce and Industry. In June 1964, after realizing the need for standardization in line with the industrial and economic development of the nation, the Philippines Congress enacted Republic Act 4109, converting the Division of Standards into the Bureau of Standards.

ISO - BPS - Bureau of Philippine Standards

The Philippine National Standard for Organic Agriculture (PNS OA) was originally prepared and adopted in 2003 for the purpose of promoting organic agriculture and enhancing market competitiveness by providing a uniform approach to the requirements on conversion, crop production, animal production, special products, processing, labeling, and consumer information.
