Roles and Responsibilities:

Risk Management has to be transparent and inclusive.

It should take into account the human factors and ensure that each one knows its roles at each stage of the risk management process. Support

Structure: Support structure underlines the importance of the risk management team.

The team members have to be dynamic, diligent and responsive to change.

Evaluating and Managing
Risks Whatever your role,
it's likely that you'll need
to make a decision that
involves an element of risk
at some point. Risk is made
up of two parts: the
probability of something
going wrong, and the
negative consequences if it
does. Risk can be hard to
spot, however, let alone
prepare for and manage.
