When I reviewed *The Elven*, the first book in *The Saga of the Elven* series, I rated it at 4 stars, because the story, the pace, and the character development ranged from a 3 to a 5 during my reading. Author Bernhard Hennen has created a Human world much like the Viking lands, an Elven world and other imaginative worlds, all connected by magical portals and paths, in such a way that I can see it all in my mind, hear the sounds, my imagination filled with the worlds and their inhabitants.

The Elven is very much written directly in the mold of the old Norse sagas. At first glance, that may seem to be a mark against the novel. After all, is there any setting more cliched in fantasy than the Norse-inspired mythic realm? Elves, Dwarves, Trolls and lots of hearty men with stout Scandinavian names, epic beards, and double-headed axes?

## *Blood of Elves - Wikipedia*

The Elven is probably my favorite book of all time since it had excellent character development and was its own story wrapped into a nice, 800 page package (not to mention the beautiful descriptions and the story itself). *Elven Winter* is also quite enjoyable, but once you get about halfway through it's quite obviously not a standalone novel.
